

Construction Permit Application

Date:	Capital Project #:
Contractor:	AiM Work Order #:
Project Manager:	Phone #:

PROPOSED WORK

Building/Room or Location:	Current Occupancy:
Start Date:	Completion Date:

Proposed Type of Work to be Performed

New Construction	Renovation	Other
Construct a structure	Alter a structure	Demolish or move a structure
Construct an addition	Make a change of occupancy	Install or alter regulated equipment
		Equipment Utility Installation
		Road Construction

Asbestos

Job site(s) has been inspected for asbestos containing materials (ACM). If the job site contains ACM, appropriate control measures/abatement procedures shall be initiated that will follow all federal, state and OSU requirements in regard to licenses, training, abatement, personal protective equipment, marking, containment and sampling to protect property, workers, and building occupants from asbestos exposure.

When asbestos is present, the following documentation shall be submitted with the permit application: location diagram, test results and approved abatement plan.
