

VitalOxide is being used by Facilities Management and ABM Janitorial to disinfect campus spaces. It is a safe to use product that is EPA approved and on the [EPA List N: of Disinfectants for Use Against SARS-CoV-2 \(COVID-19\)](#). It is an approved disinfectant for use against SARS-COV-2, the virus that causes the Coronavirus Disease 2019 (COVID-19). VitalOxide meets the EPA's emerging pathogen requirements for viruses showing efficacy against envelope and non-envelope virus, both large and small. See the Safety Data Sheet for VitalOxide [here](#).

VitalOxide is:

- ✓ Nature's alternative to bleach
- ✓ Shelf stable & ready to use
