The Environmental Health & Safety team is requesting your participation for OSHA’s upcoming Safe + Sound Week, August 12-18. This is a nationwide event held each August that recognizes the successes of workplace health and safety programs and offers information and ideas on how to keep America's workers safe.

EHS hopes to recognize the contributions departments have made toward providing our employees and students a safer work and learn. We are asking each department to participate by telling us about one or more actions they have taken to improve safety in the past year.

Please include the following information in an email to ohsp@okstate.edu by Friday, August 9th:

- Department name
- Description of action taken to improve safety
- Why was the action needed?
- Results of improvement (reduced hazard, fewer injuries)

Be sure to include photos if possible, and any kudos for person(s) who led the effort. EHS will select 5 submissions and feature them on our website during Safe + Sound week. Thank you for your participation! We look forward to hearing from you!
