40 O.S. § 410 Administration and Enforcement

- A. The Commissioner shall administer and enforce the provisions of the Oklahoma Occupational Health and Safety Standards Act.

 - 2. The Commissioner shall cause to be inspected any place of employment to ensure the presence of a functioning safety and health program which meets the requirements of Title 40 of the Oklahoma Statutes and adopted and referenced standards.
- B. Subject to the provisions of subsection A of this section, authorized employees of the Department may enter and inspect places of employment, including premises and buildings under construction, demolition or repair, at all reasonable times, in order to investigate such facts, conditions, practices or matters as deemed appropriate, and to determine if any person is violating any provisions of the Oklahoma Occupational Health and Safety Standards Act or any standard promulgated pursuant to the Oklahoma Occupational Health and Safety Standards Act.
- C. give written notice to the alleged violator specifying the cause of the determination. Such notice shall require that the violations be corrected and specify the terms of such correction or that the alleged violator appear before the Commissioner at a time and place specified in the notice and answer the charges. If compliance with said emergency order is not immediately taken, the Commissioner or his duly authorized employee may also request the district attorney of Oklahoma County, or the district attorney in any other district where service can be obtained, to file legal proceedings to enjoin the acts or practices contained in the emergency order to enforce immediate compliance with said order.
- G. Except as otherwise expressly provided by law, any notice, order, or other instrument issued by or pursuant to authority of the Commissioner may be served on any person affected thereby

personally, by publication, or by mailing a copy of the notice, order, or other instrument by registered mail directed to the person affected at his last-known post office address as shown by the files or records of the Commissioner. Proof of service shall be made as in the case of service of a summons or by publication in a civil action or may be made by the affidavit of the person who did the mailing. Such proof of service shall be filed in the office of the Commissioner.

Every certificate or affidavit of service made and filed as in this section provided shall be prima facie evidence of the facts therein stated. A certified copy thereof shall have like force and effect.

- H. The hearings authorized by this section may be conducted by the Commissioner or the Commissioner may designate hearing officers who shall have the power and authority to conduct such hearings in the name of the Commissioner at any time and place. Such hearings shall be conducted in conformity with and records made thereof as provided by the provisions of Sections 301 through 326 of Title 75 of the Oklahoma Statutes.

- B. The Commissioner shall provide competent occupational safety and health consultation, education and training for private and public employers in coordination with the Oklahoma Department of Career and Technology Education and other available community resources.
- C. Such consultation shall be provided on a priority basis to those private employers which, based on their certification, have occupational injury and illness rates exceeding the national average incidence rate for private employers of similar character.
- D. No such consultation shall be provided except upon written request by the private employer.
- E. Except when a condition of "imminent danger" exists, no reports, communication, or other information regarding safety and health hazards discovered by the Commissioner, pursuant to the administration of Section 401 et seq. of this title, or his representative in the workplaces of private employers, shall be reported to any enforcement authority whatsoever without the prior approval of the employer.
- F. The Commissioner may, in providing services to private employers upon request, refer private employers for participation in other safety and health consultation, education and training programs including but not limited to the programs authorized by Section 7(C)1 of Public Law 91-596.
- G. The Commissioner may, upon request, refer qualifying private employers to programs operated by the U.S. Department of Labor for recognition or for exemption from inspection by the U.S. Department of Labor Occupational Safety and Health Administration.

40 O.S. § 417 Reports by employers of statistical data - Summary

(1) To assure the availability of accurate, timely statistical data concerning occupational health and safety in Oklahoma, all employers as defined in Section 402 of this title shall submit reports, on a form and in a manner prescribed by the Commissioner of Labor. Reports shall include only those injuries arising from employment within the State of Oklahoma.

(2) The Department may exempt from this requirement those classes of employers for whose operations adequate records of safety experience are already available or the Department may exempt any employer from this requirement when, in the judgment of the Commissioner, the submission of annual reports by such employer is not necessary to carry out the purposes of this act and would be an undue burden upon such employer because of size, the nature of its operation or other special circumstances.

(3) The Department shall publish each year a detailed summary of the statistical data received from employers. A copy of such summary shall be available on request to each reporting establishment required to file reports of disabling work injuries and shall be made available to anyone having a legitimate interest in the subject matter of the report.

40 O.S. § 418 Payments to Commission – Refunds – Collection of payments – Disposition of funds

(1) Each insurance carrier writing workers' compensation insurance in this state and each self-insured employer authorized to make workers' compensation payments directly to employees shall pay to the Oklahoma Tax Commission up to a sum equal to three-fourths of one percent (3/4 of 1%) of the total workers' compensation losses, excluding medical payments and temporary total disability compensation, based on the records of the Workers' Compensation Court, paid out or payable during each quarter-year

period of the calendar year, said percentage to be fixed by the Commissioner and based upon his certification that the proceeds thereof are reasonable and necessary to accomplish the objectives of Section 401 et seq. of this title. Such payments to the Oklahoma Tax Commission shall be made not later than the fifteenth day of the month following the close of the quarter-year in which compensation is paid or becomes payable. Payments made, under the provisions of this section, shall be considered losses for the purpose of computing workers' compensation rates.

(2) The refund provisions of Sections 227 through 229 of Title 68 of the Oklahoma Statutes shall be applicable to any payments made under the provisions of this act.

(3) In making and entering awards for compensation, the Workers' Compensation Court shall determine and fix the amounts that shall be paid to the Oklahoma Tax Commission under the provisions of this section. The total amount so determined and fixed shall have the same force and effect as an award of the Workers' Compensation Court for compensation and all provisions relating to the collection of awards of said court shall apply to such judgments.

(4) It shall be the duty of the Oklahoma Tax Commission to collect the payments provided for herein, and said Commission is hereby given authority to bring an action for the recovery of any delinquent and unpaid payment or payments. In the alternative, the Oklahoma Tax Commission may enforce payments by proceeding in accordance with the provisions of Section 346 of Title 85 of the Oklahoma Statutes.

(5) The Oklahoma Tax Commission shall, monthly, as the same are collected, pay to the State Treasurer of this state, to the credit of the Special Occupational Health and Safety Fund, all monies collected under the provisions of this section. Monies shall be paid out of said Fund exclusively for the operation and administration of Section 401 et seq. of this title and for other necessary expenses of the Department of Labor pursuant to appropriations by the Oklahoma Legislature.

(6) The Commissioner shall determine the needs of the program, considering statistical data on disabling work injuries, depth and scope of the program as evidenced by the needs and demands of employers and the present, planned and anticipated budgetary needs of the program, and submit same to the Legislature.

 - (2) When an inspection is scheduled far from the local office and procuring a subpoena or other Order of the Commissioner prior to leaving to conduct the inspection would avoid, in case of refusal of entry, the expenditure of significant time and resources to return to the office, obtain an Order, and return to the work site;

- (d) Any permission to enter, inspect, review records, or question any person, shall not imply or be conditioned upon a waiver of any cause of action, citation, or penalty under the Act. PEOSH Inspectors are not authorized to grant any such waiver.

- (b) In the situations described in paragraph (a) of this section, advance notice of inspections may be given only if authorized by the Director, except that in cases of apparent imminent danger, advance notice may be given by the PEOSH Inspector without such authorization if the Director is not immediately available. When advance notice is given, it

shall be the employer's responsibility promptly to notify the authorized representative of employees of the inspection, if the identity of such representative is known to the employer. Upon the request of the employer, the PEOSH Inspector will inform the authorized representative of employees of the inspection, provided that the employer furnishes the PEOSH Inspector with the identity of such representative and with such other information as is necessary to enable him promptly to inform such representative of the inspection. An employer who fails to comply with obligations under this paragraph promptly to inform the authorized representative of employees of the inspection or to furnish such information as is necessary to enable the PEOSH Inspector promptly to inform such representative of the inspection, may be subject to citation pursuant to the provisions of 40 O.S. § 410 (D).

380:40-1-11. Conduct of inspections

- (a) Inspections shall take place at such times and in such places of employment as the Director or the PEOSH Inspector may direct. At the beginning of an inspection, PEOSH Inspectors shall present their credentials to the owner, operator, or agent in charge at the establishment; explain the nature and purpose of the inspection; and indicate generally the scope of the inspection and the records they wish to review. However, such designation of records shall not preclude access to additional records as necessary.
- (b) PEOSH Inspectors shall have authority to take environmental samples and to take or obtain photographs related to the purpose of the inspection, employ other reasonable investigative techniques, and question privately any employer, operator, agent or employee of an establishment. As used herein, the term "employ other reasonable investigative techniques" includes, but is not limited to, the use of devices to measure employee exposures and the attachment of personal sampling equipment such as dosimeters, pumps, badges and other similar devices to employees in order to monitor their exposures.
- (c) In taking photographs and samples, PEOSH Inspectors shall take reasonable precautions to insure that such actions with flash, spark-producing, or other equipment would not be hazardous. PEOSH Inspectors shall comply with all employer safety and health rules and practices at the establishment being inspected, and they shall wear and use appropriate protective clothing and equipment.
- (d) The conduct of inspections shall be such as to preclude unreasonable disruption of the operations of the employer's establishment.
- (e) At the conclusion of an inspection, the PEOSH Inspectors shall confer with the employer or representative and informally notify them of any apparent safety or health violations disclosed by the inspection. During

such conference, the employer shall be afforded an opportunity to bring to the attention of the PEOSH Inspector any pertinent information regarding conditions in the workplace.

380:40-1-12. Representatives of employers and employees

- (a) PEOSH Inspectors shall be in charge of inspections and questioning of persons. A representative of the employer and an authorized employee representative shall be given an opportunity to accompany the PEOSH Inspector during the physical inspection at any workplace for the purpose of aiding such inspection. Different employer and employee representatives may accompany the PEOSH Inspector during each different phase of an inspection provided that it does not interfere with the conduct of the inspection.
- (b) The representative(s) authorized by employees shall be an employee(s) of the employer. However, if in the judgment of the PEOSH Inspector, good cause has been shown why accompaniment by a third party who is not an employee of the employer (such as an industrial hygienist or safety engineer) is reasonably necessary to the conduct of an effective and thorough physical inspection of the workplace, such third party may accompany the during the inspection.
- (c) PEOSH Inspectors may consult and are authorized to deny the right of accompaniment under this section to any person whose conduct interferes with a fair and orderly inspection.

380:40-1-13. Consultation with employees

PEOSH Inspectors may consult with employees concerning matters of occupational safety and health to the extent they deem necessary for the conduct of an effective and thorough inspection. During the course of an inspection, employees shall be afforded an opportunity to bring any violation of the Act which they have reason to believe exists in the workplace to the attention of the PEOSH Inspector.

380:40-1-14. Complaints by employees

- (a) Any employee or representative of employees who believe that a violation of the Act exists in any workplace where such employee is employed may request an inspection of such workplace by giving notice of the alleged violation to the Oklahoma Department of Labor. Any such notice shall be submitted in writing, shall set forth with reasonable particularity the grounds for the notice, and shall be signed by the employee or representative of employees. A copy shall be provided to the employer or his agent no later than at the time of inspection, except that, upon the request of the person giving such notice, his name and the names of individual employees referred to therein shall not appear in such copy. Any complaint that is received unsigned or in any other manner, including but not limited to; by

telephone, e-mail, or verbally by any other person than that which is listed above, the Oklahoma Department of Labor may determine in what manner it will be addressed. The Oklahoma Department of Labor may determine to conduct an inspection, determine that an inspection is not warranted, or may fax or mail a notification of alleged hazards to the employer.

- (b) If upon receipt of such notification, it is determined that the complaint meets the requirements set forth in paragraph (a) of this section, and that there are reasonable grounds to believe that the alleged violation exists, the Director shall cause an inspection to be made as soon as practicable, to determine if such alleged violation exists. Inspections under this section shall not be limited to matters referred to in the complaint.
- (c) Prior to or during any inspection of a workplace, any employee or representative of employees employed in such workplace may notify the PEOSH Inspector in writing, of any violation of the Act which they have reason to believe exists in such workplace. Any such notice shall comply with the requirements of paragraph (a) of this section.
- (d) If it is determined by the Oklahoma Department of Labor that an inspection is not warranted because there are no reasonable grounds to believe that a violation or danger exists with respect to a complaint, the complaining party shall be notified in writing of such determination. The complaining party may obtain review of such determination by submitting a written statement of position with the Commissioner and, at the same time, providing the employer with a copy of such statement by certified mail. The employer may submit an opposing written statement of position to the Commissioner and, at the same time, provide the complaining party with a copy of such statement. Upon the request of the complaining party or the employer, the Commissioner, may hold an informal conference in which the complaining party and the employer may orally present their views. After considering all written and oral views presented, the Commissioner shall affirm, modify, or reverse the determination of the Director and furnish the complaining party and the employer a written notification of this decision and the reasons therefore. The decision of the Commissioner shall be final and not subject to further review.
- (e) If it is determined that an inspection is not warranted because the requirements of this section have not been met, the complaining party shall be notified in writing of such determination. Such determination shall be without prejudice to the filing of a new complaint meeting the requirements of subsection (a) above.
- (f) If it is determined by the Oklahoma Department of Labor that an inspection is not warranted due to a non-serious issue in the complaint, a notification of alleged hazards may be faxed or mailed to

the employer. The employer shall respond to ODOL in writing within 10 working days of receipt of notification of alleged hazards. The employer is required to post the notification of alleged hazards in a prominent place for employees to see, and notice of the posting shall be signed by the employer and returned to the Oklahoma Department of Labor.

380:40-1-15. Imminent danger

Whenever and as soon as a PEOSH Inspector concludes on the basis of an inspection that conditions or practices exist in any place of employment which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated through the enforcement procedures otherwise provided by the Act, the affected employees and employers shall be informed of the danger and that a civil action is recommended to restrain such conditions or practices and for other appropriate relief in accordance with the provisions of the Act. Appropriate citations may be issued with respect to an imminent danger when though, after being informed of such danger by the PEOSH Inspector the employer immediately eliminates the imminence of the danger and initiates steps to abate such danger.

380:40-1-16. Citations

- (a) Upon determination that the employer has violated a standard, rule or order promulgated pursuant to the Act, or of any substantive rule published in this chapter, the PEOSH Inspector shall issue to the employer a citation.
- (b) An appropriate citation shall be issued even though after being informed of an alleged violation by the PEOSH Inspector, the employer immediately abates, or initiates steps to abate, such alleged violation. No citation may be issued under this section after the expiration of 6 months following the occurrence of any alleged violation.
- (c) Any citation shall describe with particularity the nature of the alleged violation, including a reference to the provision(s) of the Act, standard, rule, or regulation, alleged to have been violated. Any citation shall also fix a reasonable time or times for the abatement of the alleged violation.
- (d) No citation may be issued to an employer because of a rescue activity undertaken by an employee of that employer with respect to an individual in imminent danger.

380:40-1-17. Request for extensions of abatement date(s)

- (a) An employer may file a request for extension of abatement date(s) when a good faith effort to comply with the abatement requirements of a citation has been attempted, but such abatement has not been

completed because of factors beyond the employers reasonable control.

- (b) A request for extension of abatement date(s) shall be in writing and shall include the following information:
 - (1) All steps taken by the employer, and the dates of such action, in an effort to achieve compliance during the prescribed abatement period.

- (c) A request for extension of abatement date(s) shall be filed with the PEOSH unit of the Oklahoma Department of Labor no later than the close of the next working day following the date on which abatement was originally required. A later filed petition shall be accompanied by the employer's statement of exceptional circumstances explaining the delay.

380:40-1-18. Failure to correct a violation for which a citation has been issued

- (a) If an inspection discloses that an employer has failed to correct an alleged violation for which a citation has been issued within the period permitted for correction, the employer may be commanded to appear before the Commissioner or her designee for hearing on the citation. The Director shall notify the employer by certified mail of the time and place of such hearing.
- (b) At the hearing, the employer will be given an opportunity to show cause why the employer has failed to correct the violation(s), or to show that the citation was invalid, or that the alleged violation(s) do not in fact exist.

380:40-1-19. Abatement verification

- (a) **Abatement certification.**
 - (1) Within 10 calendar days after the abatement date, the employer must certify to the Oklahoma Department of Labor-PEOSH unit that each cited violation has been abated.
 - (2) The employer's certification that abatement is complete must include, for each cited violation, the date and method of abatement.

- (b) **Abatement documentation.**
 - (1) The Oklahoma Department of Labor may require along with the information on abatement certification, additional documentation demonstrating that abatement is complete.
 - (2) Additional documentation may include, but is not limited to, evidence of the purchase or repair of equipment, photographic or video evidence of abatement, or other written records.

 - (2) The employer must submit an abatement plan for each cited violation within 25 calendar days from the final date when the citation indicates that such a plan is required. The abatement plan must identify the violation and the steps to be taken to achieve abatement, including a schedule for completing abatement and, where necessary, how employees will be protected from exposure to be the condition in the interim until abatement is complete.
- (d) **Progress reports.**

380:40-1-20. Consultation procedures for public sector

- (a) Experiences with OSHA consultation in the private sector have shown that employers who make a management commitment to safety and health and involve employees in the development and implementation of a safety and health program show far greater results toward the long term reduction of accidents, injuries and illnesses in the workplace. The Oklahoma Department of Labor recognizes that voluntary compliance and a pro-active approach to safety and health with emphasis on a holistic safety and health program is more effective than traditional enforcement methods. Therefore, it is the intent of the PEOSH unit to not only enforce safety standards and regulations, but to assist public employers with voluntarily implementing effective safety and health programs.
- (b) PEOSH Inspectors, at the request of the employer, may conduct on-site consultation visits for the purposes of providing information, literature and guidance to the employer on requirement or safety and health standards, implementation of safety and health program elements, record keeping assistance and written program requirements. However, if during a consultation visit, a PEOSH Inspector identifies violation(s) of the referenced federal standards, national consensus standards, or state law, a citation shall be issued in accordance with section 380:40-1-16.

380:40-1-21. Authority over volunteers

Volunteer fire departments that exist as a subdivision of a larger municipal organization are within Oklahoma Department of Labor jurisdiction if that larger municipal organization employs one or more paid workers. In such cases, the inspection and enforcement jurisdiction of ODOL extends to all duties performed by any worker or volunteer on behalf of the Volunteer Fire Department. For purposes of this Chapter, "fire department" means any duly constituted fire department operating under the authority of Title 11 article XXIX fire departments or Title 19 Chapter 21 fire protection districts meeting the definition of employer. Industrial fire brigades are excluded from this definition. However, fire departments and industrial fire brigades are covered by regulations of other agencies.

- (b) The safety coordinator shall be designated by letter, memorandum, job description or other notice. Duties must include responsibility for the four key elements of a safety program described in 380:40-1-22(3). Employers may designate more than one employee to assist by fulfilling specific functions, but the safety coordinator must have ultimate responsibility for implementing the safety programs. Additionally, this employee may be assigned other job duties deemed necessary by the employer which are not related to being the safety coordinator.
 - (c) Written safety programs shall be developed which are appropriate to the worksite(s) and the nature of hazards encountered by the employees and which meet requirements of the standards adopted in 380:40. This includes all required program reviews and documentation required by these standards.

Provisions must be made to arrange for make-up sessions for those employees who were not able to attend the scheduled training.

380:40-1-23. Safety Pays OSHA Consultation Services-Private Sector

- (a) **Purpose.** Pursuant to 40 O.S. § 414 et seq., the Occupational Safety and Health Consultation Program for private employers is designed to provide comprehensive safety and health services to Oklahoma

employers in accordance with Title 29 of the U.S. Code of Federal Regulations, Part 1908, Consultation Agreements, the current U.S. DOL, OSHA Consultation Policies and Procedures Manual ("CPPM"), and in compliance with Section (6) of Public Law 91-596, also known as the Williams-Steiger Occupational Safety and Health Act of 1970 (29 U.S.C.A. § 655), and the Consultation and Cooperative Agreements pursuant to Section 21(d) of 29 U.S.C. § 656. This Consultation Program is independent of federal enforcement, and the services are provided at no cost to the employer. The program services are supported by Federal and State Funds. ODOL is able to provide this consultation service in accordance with 29 CFR 1908 through the Cooperative Agreement to further the goal of preventing the occurrence of injuries and illnesses which may result from exposure to hazardous workplace conditions and from hazardous work practices. Private employers who qualify and successfully complete the Safety Pays OSHA Consultation Services may be eligible for a tax exemption of One Thousand Dollars (\$1,000.00) for the tax year in which the program is successfully completed.

- (b) **Program Eligibility.** An employer must meet the employer eligibility criteria pursuant to the CPPM in order to qualify for certain recognition and incentive programs in connection with the consultation services. These programs are geared for small businesses, in high-hazard industries. Due to frequent Federal updates and revisions, it is best to contact ODOL OSHA Consultation Division to verify the most up-to-date specific eligibility requirements.
- (c) **On-Site Consultation Services.** Consultation visits will be performed in accordance with 29 CFR 1908 and the current US DOL Consultation Policies and Procedures Manual. Onsite consultation visits will be performed based on the scope of the employers request for services. The employer may limit, expand the scope of, or terminate the visit at anytime. The visit shall be followed by a written report to the employer with evaluations and recommendations to improve the health and safety of the employees. A follow-up consultation visit may be required in some cases, depending on the identified hazard and/or the particular recognition and incentive program being followed. The on-site consultation visits have a structured format which include:
 - (1) an opening conference;
 - (2) a survey of the physical workplace;
 - (3) safety and health program assessment;
 - (4) an employee exposure monitoring as necessary; and
 - (5) a closing conference.
- (d) **Confidentiality.** Information obtained as a result of a consultation visit shall be confidential. The identity of employers requesting onsite consultation, as well as the file of the consultant's visit shall not be

- provided to anyone except the employer for whom it was prepared, and the limited exceptions listed in 29 CFR 1908.7.
- (e) **Recognition and Incentive Programs.** By participating and successfully completing the requirements of the applicable recognition and/or incentive program, employers may be eligible to qualify for the following beneficial programs:
 - (1) **SHARP.** ODOL administers the Safety and Health Achievement Recognition Program ("SHARP") in accordance with the 21(d) Consultation Cooperative Agreement, as stated in the OSHA Act, and as outlined in the current CPPM. Employers who meet the eligibility criteria and on-going program requirements may be removed from Federal OSHA's Programmed Inspection Schedule for a period of not less than one year.
 - (2) **WCPR.** ODOL administers the state sponsored Worker's Compensation Premium Reduction Program ("WCPR") pursuant to the provisions of Title 40 O.S. § 414(H) and Title 36 O.S. § 924.2. For further explanation of WCPR and the specific eligibility requirements, see 80:41.
 - (f) **Tax Exemption.** Title 68 O.S. § 2358 provides for an exemption from taxable income in the amount of One Thousand Dollars (\$1,000.00) for the tax year in which eligible employers successfully complete the Safety Pays OSHA Consultation Services provided by ODOL. Oklahoma employers meeting the eligibility requirements for consultation services prescribed by the current CPPM, that request and successfully complete a full-service consultation visit (safety, health, or both) and meet the conditions of the opening conference agreement may be eligible for the \$1,000.00 tax exemption for the physical location covered by the request for consultation services. The tax exemption will be awarded for the year the full-service consultation service was successfully completed. Upon this successful completion a letter will be provided from the ODOL Consultation Division to the employer confirming this successful completion. This letter will serve as the official notification that the employer has met the requirements for the full-service consultation service and is eligible for the tax exemption through the Oklahoma Tax Commission.
 - (g) **Promoting and Managing Consultation Services.** Pursuant to 29 CFR 1908.5(a) ODOL shall be responsible for encouraging employers to request consultative assistance and shall publicize the availability of its consultation service and the scope of the services available. The agency will promote the availability of consultation services to employers through a variety of methods and techniques, including broad-based media campaigns. Outreach activities will be designed to recognize and target unique circumstances relevant to Oklahoma and reach those employers who will benefit most from the consultation
